

3 full days | 20 workshops

JUNE GREEN
the kick-off event

14-16 OCTOBER | LITIJA, SLOVENIA

*We are writing to you to attend
the kick-off event and to carry out
workshops, which will
then be added to a catalog
in an online toolkit.*

‘Tune Green’ was born
out of a desire for connection,
and for justice
through that connection.

The connection we are looking
for comes in several forms:
connecting young people with music,
connecting musicians with youth work,
and connecting ourselves
with the natural world
and the others we share it with.

In order to foster these connections,
we want to build a space
wherein musicians are enabled
to share their work
for fair compensation,
in settings where it is allowed
to be enriching and empowering
in the lives of those it touches.

This is Tune Green.

We are Društvo Lojtra
a young NGO who primarily focuses
on working with young people
to create a more sustainable,
cooperative society for the future.

We recently started implementing
music in our youth exchanges
and training courses. We have found
that music connects our participants
into a group easier, and helps them
listen to each other and co-create
more freely and openly.
We are interested in workshops
that foster connections like that.

We want to explore musical workshop
activities suitable for youth work
and education, and the market
of practitioners who carry them out.

**We are looking for musicians
from Slovenia and abroad
to attend and to carry out workshops,
which may then be added
to the toolkit catalog.**

Youth workers will also attend
the kick-off event in order
to give feedback on the workshops
and help to mold them into a form
that is most suitable for youth work
and education.

JUNE GREEN

connecting music and youth work

10 months | July 2022 to April 2023
3 events and a series of workshops

output

web-based toolkit
for youth workers
and educators,
with a catalog
of musical activities
and a database
of practitioners

The kick-off is just a start.

Want to know
about other opportunities
we are offering
throughout the project?

Just ask Robbie!

00 386 31 015 309
robbie@drustvolojtra.si

What do we expect from contributors?

a workshop for minimum of 10 participants (max 90 min)
suitable for youth and/or children

description of the workshop that you will carry out and
contribute to the toolkit, in as much detail as possible

responsiveness to our inquiries during our writing and editing
process (until March 2023) and to provide us with any missing
information we need

to suggest on how to further develop or improve the project
and the toolkit

to share news about the project and the toolkit,
with any interested parties / on social media

What will you get, as a contributor?

a 200 EUR fee for your workshop

opportunity to network with musicians and youth workers

your workshop and contact details will be disseminated
amongst NGOs, schools and other educational organisations
along with the toolkit, which may create meaningful,
paid work opportunities for you in the future

a chance to contribute to a movement to integrate music
into non-formal education, and thereby to develop
methods and practices that foster connection

Applications are open till 25th of September.
We will inform you about the selection latest until 30th of September.
